

ADOPT-A-HOUSE PROJECT

On Friday, September 28th, we partnered with the City of Hollywood's Volunteer Hollywood, and the Department of Community & Economic Development for our first Adopt-A-House Project. Students, Parents, and Staff, teamed up in this renovation project for a low income resident. Volunteers painted the exterior walls of the home, as well as landscaped the property in efforts to revive the property and bring our school family together, to actively give of our time, energy, and efforts to make a difference in our community.

At the end of our Adopt-A-House Project, we surprised the homeowner with a gift basket, and a \$100.00 Visa Gift Card. We were excited to share our passion for community and service learning, and are thrilled at the opportunity to enhance the home and life of an elder in their community.
